SUMMARY

I am curious full stack developer, interested in writing new codes, skilled at developing complex solution, possessing strong creative thinking skills, high energy and integrity. I have ability to create algorithms effectively, interact positively and communicate appropriately with team members. I am quick to grasp new technologies and concepts to develop innovative and creative solutions to problems. Always eager to learn various technologies, tools and libraries. Especially interested in Front end Web Development, ReactJs, NodeJs, Django and JavaScript. I am excited to learn new things and improve myself. You can review my projects on my GitHub account.
